# About the CCRPI School Climate Rating

---

- Developed as a complement to the annual CCRPI report, beginning with SY 2013-14
- Calculated using school-level data within four climate domains:
  - School Climate Surveys
  - Safe & Substance-Free Learning Environment
  - Student Discipline
  - School-Wide Attendance
- Overall school climate score calculated on a 100-point scale based on the average of the four domain scores, & converted to a star rating of 1 to 5
- Schools may earn up to 5 bonus points if they were awarded CCRPI Exceeding the Bar (ETB) points for Personalized Climate

# About the CCRPI School Climate Rating

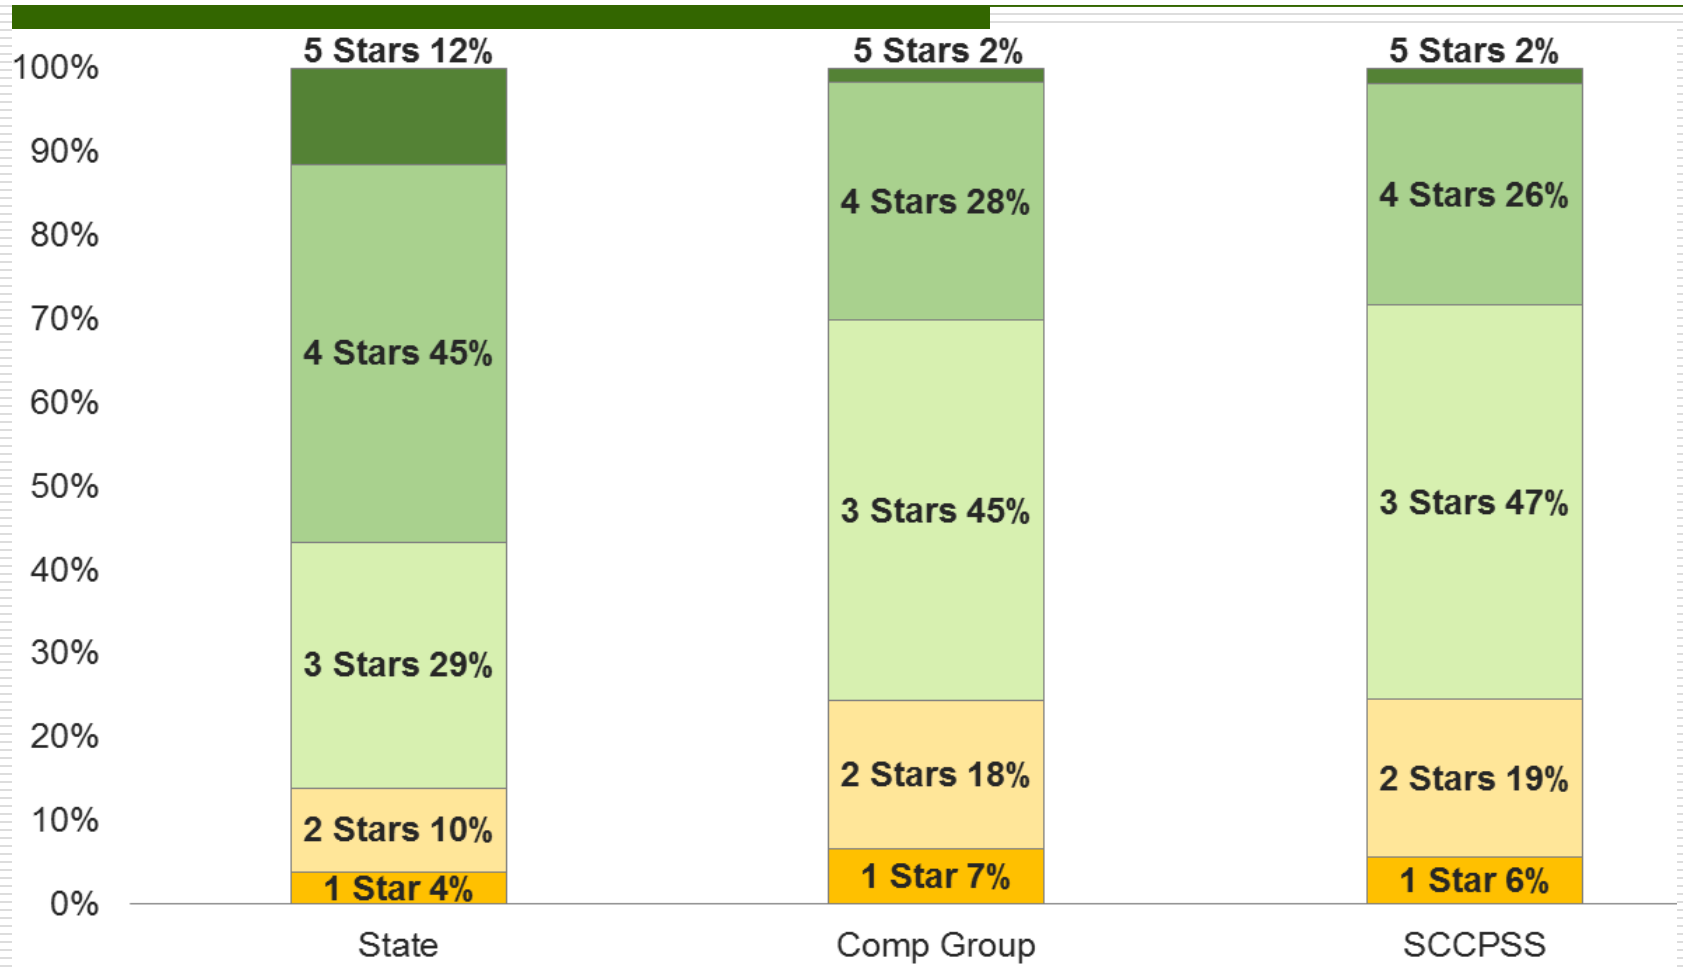

---

- GADOE updated the school climate calculation from SY 2013-14 to SY 2014-15 to include the following changes:
  - Elimination of the School-Wide Agreement measure within the Climate Survey domain
  - Inclusion of additional survey items within the Climate Survey and Safe & Substance-Free Learning Environment domains
  - Changes to rubrics used to convert overall score to star rating
  
- Due to the changes in the School Climate Rating calculation, scores and star ratings for SY 2014-15 are not comparable to those from SY 2013-14

# Data Criteria

---

- All school climate data are derived from official CCRPI School Climate Ratings reported by GADOE
- District Overall and Domain scores are computed based on the median of the school scores
- The comparison group includes Bibb, Clayton, Douglas, Henry, Muscogee, Richmond, and Atlanta Public Schools

# CCRPI School Climate Rating

---

- Each domain is comprised of multiple sub-domains to include:
  - **School Climate**: Responses from the Georgia Student Health Survey II, Georgia School Personnel Survey, & Georgia Parent Survey
  - **School Discipline**: Weighted average of ISS, OSS, Expulsion & Alternative School Assignment reported in Student Record relative to the FTE student count
  - **Safe and Substance-Free Learning Environment**: The number of discipline incidents related to Violence, Drugs, Bullying and Harassment reported in Student Record relative to the FTE student count; responses from the Georgia Student Health Survey II
  - **School Wide Attendance**: Student Attendance Data from Student Record and Administrator, Staff, and Teacher Attendance Data from Certified/Classified Personnel Information

# CCRPI School Climate Rating

- The Final Climate Star Score is converted to a Climate Star Rating based on the rubrics below:
