1. Attendance at the graduation ceremonies at the new Enmark Arena shouldn't be limited to 2 family members per student. My question is: **Can the school system allow pre-Covid ticket allotment for graduation?**
2. Parental and Volunteer access to schools to go back to pre- Covid access. Parents and volunteers haven't been allowed in since March 2020. **Can all schools return to pre-Covid entrance for parents and volunteers?**
3. All of the arts events need to return to pre-COVID operating procedures. For example, they are allowing athletics to increase capacity, but the Savannah Arts "Junk to Funk" fashion show (which has raised tens of thousands of dollars for Savannah High

3. All the arts events need to return to pre-COVID operating procedures. For example, they are allowing athletics to increase capacity, but the Savannah Arts "Junk to Funk" fashion show (which has raised tens of thousands of dollars for Savannah High in past years) must be "reimagined" this year. With only two tickets per participant and only one night of the "live" show, the attendees will be greatly limited as it usually sells out for all 3 nights. These students will lose out on a lot of scholarship money.

Can this be modified to include more than one "live" night?

4. Jr and Sr prom should operate under pre-Covid guidelines. These students have paid a terrible price for the fear of adults over

constant
This is suppose to be the most
and psychological damage
COVID. ~~Dr. Levett, board members and Teachers of the Year have~~
~~memorable time of their lives. An experience~~
~~appeared in the newspaper with no masks and no social~~
~~distancing. (Show picture.) If they can be comfortable in such a~~
~~setting, our students should have the same option, or we have~~
~~devastated within their lifetime.~~

~~My question is: can the Jr and Sr proms be conducted~~

per pre-COVID guidelines?

RE: SCCPSS Response to Stakeholder Inquires

Inquiries as submitted by: TK Burrison

Responses are provided based on information requested during the public comment portion of the March 2, 2022, Board Meeting.

QUESTION:	SCCPSS RESPONSE:
See attached handwritten question #1	SCCPSS continues to operate with student and staff safety as a top priority. COVID impacts remain a consideration for health and safety; however, 2021-22 graduation ceremonies will take place in-person and if attendees choose to do so, face coverings may be worn. Pre-pandemic protocols for guests are in place allowing up to 10 tickets per graduate.
See attached handwritten question #2	SCCPSS continues to operate with student and staff safety as a top priority. COVID impacts remain a consideration for health and safety. Visitors and volunteer allowances are being opened gradually. Small groups that have programmatic connections to instructional content are currently allowed. Capacity limitations may be expanded as health and safety conditions warrant. A review of “post-spring break” transmission levels will be conducted on or around April 14 to determine possibilities for expanding capacity levels of visitors and volunteers.
See attached handwritten question #3	Due to COVID-19 pandemic, last year Junk2Funk was canceled. During planning sessions for this year’s event, it was clear that the pandemic would still create health and safety obstacles. The school is designing a multi-faceted event that will allow for in-person and at-home elements. It will allow students flexibility to participate in more ways opening doors that haven’t been opened before. The grand 3-night event that occurred pre-pandemic will not meet standards and expectations in our current reality; however, the school and District still seek to showcase the talents and hard work of our students.
See attached handwritten question #4	The following schools are in the planning stages of their proms and venue contracts have already been approved. Dates have been established and information has been shared. Schools include: <ul style="list-style-type: none"> • Beach • Groves • Jenkins • Johnson • Islands • New Hampstead
