

SAVANNAH-CHATHAM COUNTY PUBLIC SCHOOL SYSTEM 2021 SECOND SEMESTER SCHEDULE - COHORT B

We would like to remind everyone about the safety protocols designed to mitigate spread of the COVID-19. Masks are required of all students and staff. Classrooms have been arranged to accomplish effective social distancing, and hallways have been marked to remind everyone to stay 6 feet apart. Hallways are unidirectional where possible. All high touch areas in classrooms are cleaned regularly with sanitizing agents that are proven to kill the virus that causes COVID-19. This includes tables, desks, doorknobs, and light switches. All schools have been equipped with touchless water refilling stations and our business partners have provided water bottles for all students. Hand sanitizing stations are positioned throughout each school. Custodial staff hours are being staggered so deep cleaning can be performed when students and staff are not in the building.
